FOR IMMEDIATE RELEASE
9 A.M. CDT, April 1, 2009

MOBIUS CONSORTIUM FORMS NEW CROSSROADS TASK FORCE CALLS FOR PARTICIPATION FROM MISSOURI LIBRARIES

COLUMBIA, MO, MARCH 31, 2009: MOBIUS is more than ten years old and functions much as it did at its inception. In today's fast paced, technological world, that is a long time with few major changes. It's time to re-envision MOBIUS and, with your help, redesign and restructure a new MOBIUS.

The charge for a new Task Force, approved by the MOBIUS Executive Committee at its meeting last Friday, March 27, 2009 can be seen at the new MOBIUS Website.

<https://mco.mobius.umsystem.edu/public/mobius-crossroads-task-force>

This task force has been named the **MOBIUS Crossroads Task Force** in recognition of the fact that MOBIUS is at a vital point in its history when it must expand beyond its successful role as a "mover of books" for Missouri's institutions of higher education into a new, vigorous, more dynamic organization for an expanded membership, and through its members, for the citizens of Missouri.

As you read the charge for the MOBIUS Crossroads Task Force, consider what time, skills, and knowledge you can contribute to this effort. If you work in a Missouri library and are interested in serving, please contact Mollie Dinwiddie, Chair, MOBIUS Executive Committee at Mollie@libserv.ucmo.edu.

Your time, expertise, and effort are important to MOBIUS' future.

Sincerely,

Erlene Dudley
Chair, MOBIUS Crossroads Task Force
Chair-Elect, MOBIUS Executive Committee
