Tom Leimkuehler, Secretary	Missouri State Library
Tom Schultz	William Woods

Members Absent:

All present.	
--------------	--

Guests or Proxies Present:

Christopher Gould	MOBIUS
-------------------	--------

1. Call to order and introductions
2. Information Items
3. Unfinished Business
 - Nason raised the issue of adding to the material type codes for bibliographic records to allow for more limit options when searching the catalog. Members raised several questions, and the issue was tabled until more research could be done.
 - Nason requested that the material type "EBOOK" for bibliographic records be changed to "ERESOURCE" to be more inclusive of other online resources, such as databases. Members agreed to the request.
4. New Business
 - Corinne requested changing the "MS MAP" material type for bibliographic records to "GS MAP". Members indicated that "GS MAP" might be accommodated with other codes, and the matter was tabled for further research.
 - Nason suggested that the members utilize the next meeting to examine and update the item type list, and members agreed.
 - Nason asked for suggestions on how to insert a flag in a patron record to indicate that no patron information be shared over the phone. Notes do not work as desired. Some suggestions were offered, but no solid solutions were found.
5. Adjourn Meeting
