

## MOBIUS CATALOGING STANDARDS

Cataloging standards provide the foundation for achieving reliable online access to all of the materials shared in the MOBIUS Catalog. All MOBIUS libraries, including Cooperating Partners, should adhere to nationally accepted cataloging standards and guidelines according to the documents listed below. Quality and integrity of the MOBIUS database are necessary in order to maintain reliable access to the shared catalog.

MARC bibliographic records should comply with standards as set forth in these documents:

Anglo-American Cataloguing rules (2<sup>nd</sup> ed., 2002 revision)
