

BRIDGES CATALOGUING COMMITTEE MEETING

June 10, 2004

Minutes

The committee met at Covenant Theological Seminary. Denise Pakala, Committee Chair presided.

Attending:

Corrie Christensen, Lindenwood University
Marty Knorr, Harris-Stowe State College
Peggy Lauer, Maryville University
Kathy Nystrom, Webster University
Linda Orzel, Harris-Stowe State College
Denise Pakala, Covenant Theological Seminary
Jean Rose, Logan College of Chiropractic
Wendy Schlegel, Eden-Webster Library
Elaine Trost, Missouri Baptist University
Per Almquist, Covenant Theological Seminary
Melissa Belvadi, Maryville University
Eileen Condon, Webster University
William Toombs, Kenrick-Glennon Seminary
Jim Pakala, Covenant Theological Seminary

PROMPTCAT

Both the Bridges Cataloguers and the Bridges Site Coordinators attended the PromptCat portion of the meeting. Corrie Christensen stated that Lindenwood is outsourcing its new cataloguing to OCLC and a vendor. Corrie gave out a handout entitled "Brief Overview of Outsourcing Process". In this handout, Corrie explains that an EAP loader is needed as part of the outsourcing plan. Lindenwood is hoping that Janine at MCO will be able to configure a copy of the loader for Lindenwood's use. If this plan is not successful, Lindenwood is requesting permission to use and configure the only Bridges cluster EAP loader. After some discussion and a request from Melissa Belvadi that itype and status fields be added to the load table mapping, the seven Bridges Site Coordinators in attendance gave unanimous approval to Lindenwood to use the EAP loader. Corrie will contact MCO with the cluster decision.

INSTITUTIONAL NEWS

Logan: Dedication of the renovated LRC is Thursday, June 10th at 5:00 PM.

Harris-Stowe: About three weeks ago, Marty and Linda “thought” that they had finished de-duping. However, they noticed that juvenile works did not turn up on the de-dupe list. Marty will check to see if Harris-Stowe received their entire de-dupe list. Marty also announced that he will be sending out a “too good to throw out” list to the Directors.

Covenant: Covenant has received a \$50,000.00 grant from the Chatlos Foundation to support the new M.A.E.M. (Masters in Educational Ministries). Brady Shuman has become a full-time employee, half-time acquisitions and half-time cataloguing assistant.

ELECTION OF CHAIR FOR 2004-2005

Denise Pakala will continue as Chair of the Bridges Cataloguing Committee.
Mary Ann Mercante will continue as Secretary of the Bridges Cataloguing Committee.

Denise Pakala is the new Bridges representative to MCDAC. Kathy Nystrom will serve as the alternate for MCDAC.

FRBR

Kathy Nystrom gave a presentation on FRBR. Kathy also provided everyone with copies from her PowerPoint presentation entitled “FRBR Basics”. NOTE: Kathy’s slides will be added to the documents section of the Bridges Cataloging Committee webpage on the MOBIUS website.

OLD BUSINESS

Denise Pakala has added a separate document entitled “OCLC deduping project reports” to the Bridges Cataloging Committee pages on the MCO website.

Jim Dutton says that both Truman and Washington University use the 007 to limit searches to specific audio and video formats. However, this might require significant editing of our records. Many old records may have incorrect or nonexistent 007’s. Each Bridges library should look at its media records and report back at the next meeting about the feasibility of using the 007 codes to modify searches.

Using the 856 in item records has not yet been tested by MCO.

It is time to update the authority records in the central database. The only way to do this is to delete the current authority records and reload the updated records. Also, since this will be done gradually, the central catalog will be partially without authority records for a period of time, possibly as long as several weeks.

INFORMATIONAL ITEMS

Denise gave out a handout on ISBN-13 entitled “OCLC Interim Support for ISBN 13”. The 024 will be used for the 13 digit ISBN.

OCLC is rethinking MARS and is not adding and new MARS customers. For now, they are continuing to support all their existing customers.

Denise showed the committee a new tool called “OCLC Bookmarklet”. You can find the directions for the OCLC Bookmarklet on the OCLC website at:

http://alcme.oclc.org/bookmarks/servlet/OAIHandler?verb=ListRecords&metadataPrefix=oai_dc

Click on the ‘Add Library’ button and supply your library’s URL.

Here is an example of how the bookmarklet works.

- 1) Search for a title in any site with a readily identifiable ISBN field (such as Amazon, Barnes and Noble, etc.)
- 2) Once you locate the title, click on the bookmarklet icon on your toolbar
- 3) The bookmarklet uses the ISBN to search your library’s catalog

AUTHORITY CLEANUP

A reminder about how authority cleanup works. MARS does not make changes. It only reports what it perceives to be errors. AACP actually changes records, but only when a change has been made to the authority record (not to bib records). So, if an authority record is updated (e.g. a new see reference is added), then all the bib records (with that see reference) will be updated.

NEXT MEETING DATE

The next meeting of the Bridges Cataloguing Committee will be held on September 2nd at Covenant Theological Seminary beginning at 1:00 PM.
