

LANCE Cluster Minutes

September 21, 2000

The LANCE cluster met Thursday, September 21, 2000 at MACC. Present were: Valerie Darst, Leisa Walter, Mary Sims, John Davis, Pat Teter, Becki Daugherty, Gayla McHenry, Sharon Hackney, Tesuk Im, Robin Kespohl, Nancy Boon, and Robert Lindsey.

Robin began the meeting by sharing MOBIUS news. The MCO office has moved to the new office space at 3215 Lemone Blvd.; the LANCE/MOBIUS machines have arrived; Nancy Boon and Hardy Pottinger are recent MOBIUS hires.

Each library reported their choice of 'cataloging after data pull': Truman (choice 2); Linn (pending); MACC (choice 1); Hannibal LaGrange (choice 1); KCOM (already setup); and Culver Stockton (pending).

Each library needs to send Robin 5,000 records by the first week in October. Instructions for ftp delivery of the records are on the 'Loading Patron Records from a File into a MOBIUS Innopac System' handout.

The following worksheets were discussed and drafts are due to Robin by the October 12 meeting: CB, C-11, C-1, C-3, C-4, C-5, C-6, C-7, C-8, and C-9. Robin shared information on worksheets Auth 1, Pat-1, and Pat 2 and also SA 1-4.

The next meeting will be October 12, 2000 at MACC. Worksheets C-10, C-11, and C-14 will be discussed. Each library rep should bring a sample copy of their current system's reports by call number. Robin will send us the III default scat table.
