

## **LANCE Cluster Meeting**

### **October 12, 2000**

The Lance Cluster met Thursday, October 12, 2000 in the MACC Ambassador Room. Present were: Valerie Darst, Pat Teter, Rebecca Daugherty, Sharon Hackney, Tesuk Im, Bob Lindsey, Julie Andresen, John Davis, Leisa Walter, Mary Sims, Gayla McHenry, Renee Gorrell, Robin Kespohl, and Lynne Edgar.

Robin gave a brief update from MCO. Robin introduced Lynn Edgar, Software Support Analyst at MCO (Help Desk). Robin also urged Lance members to seriously consider the Lost Book Policy being developed by the Access Advisory Committee. The Archway Cluster began using Inn-Reach on October 2, 2000.

Robin reported on the Test Records as follows: Truman-No problems; MACC-No problems; HLG-58/5000 records with problems; CS-1/5000 with problems (NY Times); Linn Staterecords are being worked on by MCO staff; and KCOM records are at OCLC.

Testpak training is set for Nov. 14-15, 2000 at Truman. Checking the indexing that the Cluster has selected is a primary purpose so it would be good to have reference staff attend at least the first day of the session.

Bob Lindsey will call a meeting of the cluster for 9:00 a.m., October 19 to discuss Cluster Circulation Rules, Cluster notices, the lost book policy and other Cluster issues.

C-11 was reviewed and questions answered. C-3 and C-4 were reviewed and an electronic version is due to Robin by October 19. C-8 and C-9 were also reviewed.

Work on C-10 was begun and will continue at the October 19 meeting.

Discussion began on the Cluster Scat Table. Bob Lindsey will work on the Dewey section and Pat Teter on the LC and SuDoc sections.

Robin distributed P-1 Codes and discussion began on P-2 and P-3 Codes. Robin also presented information on Agency codes.

Robin asked members to begin considering dates for the LANCE startup of patron initiated borrowing and then MOBIUS patron initiated borrowing.

The next meeting will be October 19, 2000 at MACC. Cluster business will be conducted at 9:00 followed at 10:00 with another session with Robin and Crew!

Valerie Darst
