July 2013-June 2014 **Annual Report**

Date of last meeting: April 11, 2014

Date of next meeting: July 11, 2014

Recommendations to Board of Directors:

- None

Action Items Completed:

- Backstage RDA Profile Working Group prepared recommendations for clusters in a document posted to the MCO site.
- Addressed problems with authority reports: conflict with Canadian subject headings was resolved.
- Discussed whether it is desirable to keep authority control for INN-Reach as it moves to Encore, which doesn't show "See" and "See also" references. The majority opinion was that Encore still offers a degree of authority control and it should be kept for at least a year.
- Various Union Catalog display issues decided or fixed.

Action Items In-progress/Pending:

- Enhanced Matching product (distinguishing print from e-books, for example) has been acquired and needs to be implemented.
- Discussion of role of Union Catalog: how inclusive should it be of materials that can't be requested or accessed (including online viewing) outside their owning library? Best Practices Task Force formed.
- Discussion of INN-Reach enhancement proposals included loading authority records as bibs are done.

Announcements:

- None

Questions for the board/larger group:

- None
