

1. Call to order and introductions
2. Adoption of the agenda
3. Approval of minutes
4. Unfinished Business
  - 028 indexing in MOBIUS.
  - Bibliographic Index Rules needs to be updated.
  - 945 field display in MOBIUS MARC records.
  - Make the Search Options menu match the search choices in the drop-down menus
5. New Business
  - Discussion of which records are sent for authority control.

*I have an agenda item for your next meeting. I would like MCDAC to discuss how they decide exactly what records are sent for authority processing. As you know, MOBIUS pays for authority processing for the local catalogs and InnReach. We are finding more and more records are being sent to Backstage than ever before. We pay for each record that is sent to them whether changes are made or not. However, we often find many of the records we send are returned without any authority processing done on them. This is a huge waste of money. I wonder if some of these are ebooks or sets purchased by vendors. Donna Bacon*
