

January 29, 2010 via GoToMeeting

MOBIUS Catalog Design Advisory Committee  
Meeting  
January 29, 2010  
Via GoToMeeting

**Minutes -- DRAFT**

Members Present:

Carol Bennett (St. Louis Community College, Archway, alternate)  
Janice Brandsma (Springfield-Greene County Library, SGCL, alternate??)  
Sara Duff (Northwest Missouri State University, Towers, voting)  
Jim Dutton (University of Central Missouri, Quest, alternate/voting today)  
Felicity Dykas (University of Missouri, MERLIN, voting)  
Catherine Eilers (Saint Paul School of Theology, WILO, voting)  
Jessica Hammond (MCO primary liaison)  
Phyllis Holzenberg (Drury University, SWAN, voting)  
Justin Hopkins (MCO secondary liaison)  
Melissa Hopkins (Mineral Area College, Galahad, alternate)  
Corrie Hutchinson (Stephens College, Arthur, voting), chair  
Patricia Logsdon (Washington University, WASHU, voting)  
Ted Ostaszewski (Metropolitan Community Colleges, WILO, alternate)  
Jean Rose (St. Charles Community College, Archway, voting)  
Mark Scharff (Washington University, WASHU, alternate)  
Joel Shedlofsky (Logan College of Chiropractic, Bridges, voting)  
Jean Sidwell (Kirksville College of Osteopathic Medicine, LANCE, alternate)  
Margaret Smith (Saint Louis University, SLU, alternate)  
Michaela Willi Hooper (Southeast Missouri State University, Galahad, voting)  
Stephen Wynn (Truman State University, LANCE, voting)  
Anna Zaidman (Saint Louis University, SLU, voting)

Members absent:

Renee Brumett (Springfield-Greene County Library, SGCL, voting)  
Corinne Caputo (Westminster College, Arthur, alternate)  
Natasha Grando (Missouri River Regional Library, MRRL, voting)  
Andrew McGarrell (Missouri Western State University, Towers, voting)  
Qhyrrae Michaelieu (Missouri River Regional Library, MRRL, alternate)  
Denise Pakala (Covenant Theological Seminary, Bridges, alternate)  
Pamela Reeder (Missouri Valley College, Quest, voting)  
Michael Washburn (Missouri River Regional Library, MRRL, alternate)

Guests:

Donna Bacon (MCO), guest  
Dennis Goodyear, (Avila University, WILO) Task Force on WebPac Design and Maintenance

January 29, 2010 via GoToMeeting

1. Call to order and introductions

Jim Dutton, Quest alternate, will be voting for Quest.

Phyllis Holzenberg is now the main representative for Swan. Gwen is no longer there.

Sarah Duff, Towers alternate, will vote for Towers.

Felicity Dykas volunteered to take minutes.

2. Adoption of the agenda

The agenda was approved by consent.

3. Approval of October 16, 2009 minutes

The October 16, 2009 minutes were approved by consent.

4. Unfinished Business

Task Force updates

Task Force on Authority Control

Corrie received and presented an update from Task Force member Christopher Gould, MCO. The Task Force met yesterday. Felicity Dykas, a member of the Task Force, had previously submitted a revision of the MOBIUS authority control policy document, rewritten with separate policy and practices sections. The Task Force revised it further. Christopher is pulling together the new draft. Next, the Task Force will review the Backstage authority services profile and develop minimum requirements for MOBIUS Backstage processing.

Task Force on WebPac Design and Maintenance

Jessica Hammond gave an update on redesign of the MOBIUS Catalog and highlighted the following changes:

- General look and feel has been updated
- Features have been added
  - Search examples change depending on search chosen
  - Holdings display from the initial bibliographic display screen, which will make it more obvious where items are held.
  - The "Request" button is easier to see.
  - A MOBIUS map interacts with Google maps and is more interactive.
  - More buttons are text based as opposed to image based. The full set hasn't been uploaded yet, but will be up in a few days.

GoToWebinar : My Webinars MOBIUS MERLIN: Missouri Education and Rese...

**Title** **Shakespeare and the problem of adaptation / Margaret Jane Kidnie.**

**Published** Milton Park, Abingdon, Oxon ; New York, NY : Routledge, 2009.

Library	Shelving Location	Electronic Link	Call Number and Serial Holdings	Request Status
LANCE	TRUMAN General Collection		PR2880 .A1 K45 2009	AVAILABLE
MERLIN	MU ELLIS		PR2880 .A1 K45 2009	DUE 01-26-10
WASH U	Olin Level A Stacks		PR2880 .A1 .K45 2009	AVAILABLE
WILO	RU Circ Top Floor		PR2880 .A1 K45 2009	AVAILABLE

**Details**

**Description** xl, 216 p. : ill. ; 22 cm.

**Note** Includes bibliographical references (p. [193]-209) and index.

**Contents** Introduction: the problem of adaptation -- Surviving performance: **Shakespeare's** contested works -- Defining the work through production, or what adaptation is not -- Entangled in the present

January 29, 2010 via GoToMeeting

Next steps:

- New button set will be live soon.
- Other changes will be presented to the Task Force at their February 12<sup>th</sup> meeting.

Note that Jessica and Justin have not shared all these design elements with the Task Force, so they are not ready for distribution and comment.

Dennis Goodyear reported for the Task Force subcommittee reviewing the MOBIUS Catalog indexing. The subcommittee recommends that indexing for the 655 (Genre/Form terms) be changed to include indexing of 655 with second indicators 0, 1, and 2 in the Genre/Form and keyword indexes. Current indexing is now for 655 second indicator 7.

Second indicators:

- 0 = LC
- 1 = children
- 2 = medical
- 7 = source specified in \$2

It was moved and seconded to approve the recommendation to index 655 second indicators 0, 1, 2, and 7. Motion passed.

Jim Dutton said that some of the new indexes purchased for the MOBIUS Catalog have not been made available: Music number, ISSN, and ISBN. Jessica said that she would take this to the Task Force to consider implementation in the redesigned catalog.

#### Task Force on Document Review

Corrie reported for the Task Force. The Task Force finished its charge to review policies and procedures posted on the MOBIUS web site. They did not review the Policy on Authority Control since it is being reviewed by another Task Force. Corrie sent the reviewed documents to MCDAC via email. In her email she noted that their review involved reformatting documents to meet new document MOBIUS standards, checking to ensure the information is up-to-date, and some basic editing.

It was moved and seconded to replace the documents currently on the MCO web site with these documents. Motion passed.

January 29, 2010 via GoToMeeting

Corrie said she will see that they are posted. She asked that suggestions for new places to post them on the web site should be sent to her or other Task Force members and she will pass them on to MCO.

#### Local URL update

Corrie said that at the last MCDAC meeting we reviewed a quote for implementation of the Local URL product and were asked to ascertain interest in this project from our clusters. Interest was mixed and skepticism about the value of the product was expressed. Corrie forwarded a summary to Donna Bacon, MCO. Purchase of the product has been tabled since there was not a clear consensus and it would affect all clusters. If strong interest is expressed in the future this can be revisited.

#### 5. New Business

##### 655 indexing

See discussion above about 655 indexing.

Corrie said that Felicity's original question was about the 655s in the MERLIN catalog not appearing in the MOBIUS Catalog. Jessica examined what is happening and could not determine a reason why they are not appearing. She has a call in to III about this and will let MCDAC know what she finds out.

##### Location Codes/Description Labels

Donna Bacon joined the meeting to present a proposal about location codes and description labels. This came up at a Task Force on WebPac Design and Maintenance meeting. Donna said that many location codes are alike and it is a challenge to keep them up-to-date. She suggested that MCDAC look at expanding the descriptive labels associated with the location codes. The current limit for the labels is 100 characters. The previous limit was much less, necessitating the use of abbreviations. Eliminating abbreviations would also allow discontinuing the use of clickable locations in the MOBIUS Catalog. (The information supplied via the clickable location is an explanation of what each abbreviated label means.) Adrienne Detwiler, MCO, put together a spreadsheet with spelled out labels. MCO is willing to make the changes to the location tables.

Jim expressed concern about the length of some of the longer description labels. Donna said they were tested and they don't wrap too much. Jessica said that the degree of wrap can be controlled and Justin said there is plenty of space in the table. Jim said that, for his institution, "University" can be abbreviated to "Univ."

Changes to the description label will affect cluster catalogs and the MOBIUS catalog. Clusters could continue to use clickable locations in their catalogs.

January 29, 2010 via GoToMeeting

MCDAC agreed with the concept and members will take it back to their clusters for consideration. Corrie asked that responses be sent to the MCDAC email list. MCDAC will have a follow-up discussion at the April meeting.

Spreadsheet for possible new description labels:

#### 6. Announcements

Corrie announced that Jessica is the new MCO primary liaison to committee and Justin is the alternate.

#### 7. Adjourn Meeting

It was moved and seconded to adjourn meeting. The motion passed and the meeting was adjourned at 2:57 p.m.

Submitted by: Felicity Dykas
