

## Cafeteria Program--Database Interest Survey

Please carefully follow directions when entering the information for your institution's interest levels for the databases currently being offered. First enter symbols for Column 1, and then move to the second column to enter numbers for Column 2.

**For Column 1.** Write in one of the three symbols for each database as follows:

- I** type an "I" To indicate that this database candidate may be of **interest** to your institution.  
 Indicate "I" for interest if you think it might be of some potential interest (either great or slight) to get a consortial price estimate for possible purchase for your institution.  
 OR  
**\$** type a dollar sign to indicate that this database candidate is one that you **already have** but where you would like to see better consortial pricing for this database.  
 OR  
**X** type an "X" to indicate that you would have no need for this product at any price.

**For Column 2.** Assign a value to each database candidate below as follows:

- 50 = This database is of high interest to us.  
 40 = This database has positive general interest for us.  
 30 = This database some interest for us.  
 20 = This database has low interest for us.  
 0 = This database holds no interest for us. (Should be used in situations where you marked an X in Column 1)

↓ Column 1.	↓ Column 2.	<u>Database candidates</u>
<u>I</u>	<u>40</u>	Turnitin.com
<u>X</u>	<u>0</u>	Christian periodical yearbook
<u>\$</u>	<u>40</u>	Mass Communication complete
<u>I</u>	<u>50</u>	Mental Measurements yearbook
<u>I</u>	<u>40</u>	Ciao ciaonet.org
<u>X</u>	<u>0</u>	S&P Net Advantage
<u>I</u>	<u>30</u>	Environment Complete
<u>\$</u>	<u>50</u>	ArtStor
<u>I</u>	<u>50</u>	Opposing Viewpoints
