MOBIUS Update: Bridges is having Acquisitions training this week.

Worksheets discussed:

BIB5 Creating Item Records

Note: Agency Code is important to maintain, loaded from old records. Any new records will need to have it added. It is important for statistics.

BIB6 Item Field Mapping

ok as written

BIB7 Location Code Mapping

made corrections

SA-2 Locations Served

need to complete

OP-4 Order of Fields in Public Display

OP-5 Public Display Labels

OP-1 Character-Based OPAC Display

OP-3 OPAC Options Set by Library

SCOPE-1 Defining Locations for Scoping

SCOPE-2 Listing Locations Which Are Not Scoped

SCOPE-3 Scoping Options

The character based OPAC is what we will be working with in the TEST system. We eventually will have a Webpac. We are building the character based OPAC because it is the foundation of the Webpac. The patron will never see the character based OPAC.
